SUNDAY BUFFET - INDIAN

Welcome to **Mumbai Thai**, we pride our self in providing fresh food at all times, this is why our buffet is unconventional. We do not believe in leaving food out in units till they are consumed as they lose taste and flavour. Our buffet is cooked freshly to order and arrives to your table straight from the chef's pan or wok! **Simply inform your waiter you would like the buffet, and every item on the menu will be delivered to your table together, we will also make sure you have plenty of food like a conventional buffet. Enjoy!**
